

Demand the  
**Supra**  
key box  
to ensure  
safety!

As a licensed real estate broker under the OACIQ and a member of the Chambre immobilière, I use this safe key box because it:

**sends an immediate alert as soon as the box is open, indicating a visit and the visitor name**

---

**receives visit details and comments**

---

**gives you peace of mind about who accessed your property.**

For your protection,  
choose a real estate broker  
who uses the Supra key box.
